Sir:

**RESPONSE TO RESTRICTION REQUIREMENT**

In response to the Restriction Requirement dated September 17, 2004,  
applicants elect as follows:

Applicants hereby elect for further prosecution the claims of Group I (1-31)  
drawn to an electrical interconnect structure, classified in class 257, subclass  
760.

This election is made with traverse.

Applicants respectfully submit that a search relating to an electrical interconnect structure will necessarily produce art relating to a method of preparing the electrical interconnect structure.

Thus, the Restriction Requirement should be withdrawn and both Group I and Group II should be examined because examination of the claims of Group I and Group II, i.e., electrical interconnect structure and method of preparing the electrical interconnect structure, would not be burdensome.

Applicants respectfully request examination of this application and allowance of the pending claims.

Respectfully submitted,

Date: October 15, 2004
